

**PRACTICAL ARCHAEOLOGY**  
**TECHNIQUES FOR CRIME SCENE UNITS, HISTORICAL SOCIETIES, SCHOOLS**  
**BY DEAN M. SAIS**  
**25 YEARS EXPERIENCE, 17 AS FIELD DIRECTOR AND CREW CHIEF**

**1 & 2 DAY SEMINAR/LECTURE AVAILABLE**

**BE A GRUNT!!!**

Come spend the day with your teams and share techniques that will improve your field investigations and help make your case solid. Proficient, Efficient Training on a budget.

**HISTORICAL & PRE-HISTORICAL**

1. Looking for a probable archaeological site.
2. Some basic tools.
3. Looking feature in shovel test.
4. Learn some artifact assemblage and ID.
5. Soil sample and Munsell Test.
6. Safety issues, insects, reptiles, dangerous plants, people.
7. Mapping, setting grids, surveying, transects and coordinates, GPS.
8. Positive shovel test and delineation; determination of site size.
9. Deciding where to place units or G.P.R. Test.
10. Metal detecting techniques and mapping them.
11. Photos, Power Point presentation with lecture.
12. Sound methods for recovering information data for Archaeological site.

I am sure some of my experience, methods, ability and techniques will enhance your units ability to gather information. I bring Lecture and Seminar to your units, saving money and time on a budget.
